CHANGING, ADDING OR DELETING ACCESS CODES

For 1000 Series

1. Hold down Key [8] until you hear a long beep.

2. Enter the program code: 1-2-3-4-5-6   The first three lights will flash and sounder will pulse.

3. Press [B/A] (Bypass Key).

4. Enter the User number "1" trough "6"

5. Enter a four digit code (digits 1-9 only)

6. To end the programming mode, press [B/A] Key.

7. To erase a code, follow steps 1-4, do not enter a four digit code, then 6.

NOTE: Do not start an access code with "1,1" because that is your ambush code.
